### **Before You Start**

### "Follow me, and I will make you fishers of men."

When Jesus invited the disciples into a discipleship relationship, it came with a two-fold expectation. First, they were to "Follow Jesus." Secondly, they were called to become "fishers of men."

There are two pivotal moments in following Jesus. Discipleship begins the first time someone realizes they can hear from God, and leadership starts the first time someone realizes God can use them.

Discipleship never ends with us; we are always called to pass it on to others. Every believer is not just called to follow Jesus but is also called to lead others to do the same.

This group has helped you better follow Jesus and prepared you to help others grow. Just as someone has invested in you, you now must invest in others so that they can experience the same life change that you have.

Whether you are young or old in your faith, or if leading others is new or familiar...we are all called to help others meet Jesus and grow in their relationship with him. This guide will help you see the value you can bring to others and create a plan that helps you invest in others with greater joy and impact than ever before.

### **Before You Start**

#### IDEAL TIMELINE:

The Multiply Guide is the final resource you walk through with your group before you multiply. Every group's timeline is different, but below is an ideal timeline for when to walk through this guide. The gaps between conversations give each member time to identify their Kingdom Circle Plan and begin to invite people into it.

Conversation 1: My Purpose (7-12 weeks before you multiply) Conversation 2: My Circle (6-10 weeks before you multiply) Conversation 3: My Connection (5-8 weeks before you multiply) Conversation 4: My Plan (4-6 weeks before you multiply) Conversation 5: Celebrate & Commission (Your final week)

Before you start, identify when your last Discipleship Group meeting will be. This will help you determine the dates for each of the following conversations.

#### VIDEO TEACHINGS AND ADDITIONAL RESOURCES:

Each session has a video training that will guide the group through the Multiply Guide. We also have collected additional resources to help you disciple those in your circle of influence.

### Conversation 4 My Plan

#### 

#### MY PLAN OVERVIEW

Below is a list of three types of plans that you can use to reach your Kingdom Circle:

**Established Plans** are leadership roles that already exist in your church. The church hosts opportunities that you could join that would allow you to reach your people. For example, maybe you want to reach high school students. Your church most likely has a student ministry where you could invest in a group of students. Or, if you wanted to reach certain friends in your church, maybe there is a small-group opportunity that you could lead and invite them into.

Other opportunities may be (but are not limited to) guest services, kids ministry, worship, small group, sunday school, and more. If you aren't fully aware of all the opportunities that your church has, reach out to a staff member and see what is available. What's most important is that you find a role that helps you reach the people you feel called to invest in this upcoming season.

**Guided Plans** are the best type of roles if the people you want to invest in are located in your circles of influence. These are leadership opportunities that you take more initiative and ownership of to reach.

People often step into these roles when they feel called to reach people in their circles of influence who may or may not be involved in the church. The most common example of this is to lead a Discipleship Group, like the one you have been in, for people in your life who need it. A second option for this may be to do a more evangelistic-type group if there are people in your life who don't have an active relationship with Jesus or a church. For example, maybe you would want to start a weekly hangout and book club with stay-at-home moms in your neighborhood as a way to develop relationships and start talking about Jesus with them. Though these roles require more initiative to start, their impact is tremendous because the people they impact are ones who may be reached only through you. You are better able to reach these people than the church, because you have the relationship.

You can find additional resources for Discipleship Groups and Evangelism Groups on page 32.

**Customized Plans** are all about creating something new. God may have placed a unique vision or opportunity in front of you that you need to step into. These roles are all about reaching the people who God has called you to in the way only you can.

Maybe you are burdened for recovering addicts and you want to start a retreat center. Or you have a passion and skill for fitness and nutrition and you want to start a business that helps people grow physically and spiritually.

The only limitation to this type of role is your imagination. These plans are often inspiring and intimidating. But if God is placing something on your heart, maybe a customized plan is what you need to create to reach your people.

### **CONVERSATION 5: CELEBRATE & COMMISSION**

TIMELINE: LAST WEEK TOGETHER

#### **GROUP DISCUSSION**

- 1. How has this group been with you through the peaks and valleys during this season?
- 2. How have you seen other members in your group grow during this season?

#### WHY WE MULTIPLY

As you look back at this group and all that God has done through it, there is a lot we can celebrate. As you think about all that the group has meant to you, it is normal to want to stay together and keep meeting. This feeling isn't a bad thing at all. But a question to consider is "Who in your Kingdom Circle is being robbed of the blessings you have experienced if you don't step out and invest in that person?"

In Matthew 4, when Jesus invited the disciples to follow him, he challenged them with the expectation that they would become "fishers of men." From the moment Jesus called the disciples to follow him, he made it clear that they were called to reach others and point them to Jesus.

After an incredibly rich three years of walking closely with Jesus, their group came to a moment much like the moment this group is in now; the group needed to multiply. The final words of Jesus were to "go and make disciples of all nations baptizing them in the name of the Father, Son, and Holy Spirit and teaching them to obey all that I have commanded you." This charge to multiply would be the charge that started the Early Church and the Gospel movement that we experience 2,000 years later. All because one group stepped out of their comfort zone and brought other people the same blessings they had received.

Our group has the same opportunity today. To multiply the impact we have received by helping others start and grow in their relationship with Jesus.

- Who is your Kingdom Circle, and how is your 30-day goal going so far?
- 2. How are you feeling about starting your Kingdom Circle plan?
- 3. What is one way that our group can pray for and support you in the days ahead?
